

Lynch farms, and Richard Lynch.

My whole life I have ran a grain farm and collected Oliver's. I started reproducing sheet metal for them around 1990. I was unable to find any Hart Parr-Oliver 70 panels in reasonable Condition. Officially I began selling Reproductions in 1990. In early summer 2008 I had the idea to take Lynch Farms on-line. My son helped to make that idea into reality, and since then My son Ron has taken over most of the sheet metal operations

How to order.
